

BIODEGRADABLE NON-WOVEN CALENDERED PLA GROUNDCOVER

Product Guide

Biocompostable Weed Control Fabric
Composition: Polylactic acid + 5% hemp from EU

BIODEGRADABLE NON-WOVEN CALENDERED PLA GROUNDCOVER

Product Guide

| Technical Information | |
|---------------------------|--|
| Construction | Non-woven calendered PLA Groundcover |
| Weight | 190/200 gr/m ² |
| Thickness | 1,3 mm |
| Life span | 24 to 36 months |
| Color | Dark brown |
| Chain mechanical strength | Production sense: 2,4 DaN/m Crosswise : 3,8 DaN/m* |
| Elongation | Production sense: 73,7%* Crosswise : 51%* |
| Length | 100 m |
| Water permeability | 131 L/m ² .s - NF EN ISO 11058 |
